AGAINST THE FRYING PAN! T IS A WELL-KNOWN FACT that meat broiled is much more palatable, tender, and healthful than when fried. All sliced meats ought to be broiled. The new Gridiron is as convenient as the frying Pan, and much more economical. Haying a sownward draught, it takes all the smoke and gas up the chimney, cooks the meat through in its own juices without burning it, saves all the fat, reduces meat bills tall 25 per cent., and can be used over a wood or coal fire.

This is a good ordinance. We do not see how

it can be improved, as far as it goes. It was introduced by Alderman Harris, and unanimously adopted by the Board of Aldermen; and, if carried out, it will secure peaceable voting. We hope it will pass the other Board, and be strictly executed. We are satisfied that the present resolute Chief of Police will keep the peace under this ordinance, if he has elbow room. In order to guard against difficulties, and render this ordinance the more easily executed, it is important to have more voting places. The additional voting places will make but a trifling addition to the ex pense, and the security against collisions at the polls is too important to be neglected.

There is another measure of justice: the officers of the election, judges, sheriffs, clerks, &c., should be equally divided between parties, or as nearly so as possible. This is so plainly fair and just that the refusal to grant it by any party is an advertisement that they don't intend a f ir election We are glad, however, that the Board of Aldermen have so far done their duty to the city in the passage of this ordinance. Let it be faithfully executed, and all will have a right once more to
